Payment Card Security Policy

Data Management Solutions Pty Ltd

We here at Data Management Solutions Pty Ltd (DMS), have taken special measures to ensure that your sensitive credit card details are handled with the utmost security and privacy. That's why we've enlisted the services of the eWay Payment Gateway for all online credit card transactions.

eWAY processes online credit card transactions for thousands of Australian merchants, providing a safe and secure means of collecting payments via the Internet. All online credit card transactions performed on this site using the eWAY gateway are secured payments.

We never see your credit card details. Your card details are sent directly to eWay's servers where their PCI-DSS certified storage and security technologies protect your data 24/7.

Other aspects of **eWAY**'s payment gateway and processing services include:

- Payments are fully automated with an immediate response.
- Your complete credit card number cannot be viewed by DMS or any outside party. A secure token is issued to DMS, and used for recurring charges.
- All transactions are performed under 128 Bit SSL Certificate.
- **eWAY** is an authorised third party processor for all the major Australian banks.
- **eWAY** at no time touches your funds; all monies are directly transferred from your credit card to the merchant account held by DMS.

For more information about **eWAY** and online credit card payments, please visit **www.eWAY.com.au**
